Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: the amendment and remarks filed 6/21/07 are found persuasive, the rejection under Allison et al. is withdrawn.

Since the product claims are found allowable, as requested by the applicant in the paper filed 12/15/06, claims 18-22, 18-31, directing to a process of making and a process of using the product, are now rejoined for consideration.

They are now allowed because they contain all the limitations of the allowable product claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Tristan Anne Fuierer on 8/6/07.

The application has been amended as follows: please cancel claims 23-25, 33.
